## Introduction to Institutional Effectiveness and SPOL

Institutional Effectiveness (IE) is a systematic, ongoing process of collecting and analyzing information related to the performance of a unit and using the results for continuous improvement. IE is one of the core standards required for SACS accreditation/reaffirmation. An institution must be able to demonstrate that all programs and services offered are reviewed as a part of the institutional review process.

**Figure 1.1. Institutional Effectiveness Process**

Accountability is also a factor. We have a responsibility to our constituents to ensure that we deliver the programs and services we offer as intended and in a cost effective manner.

The ultimate intent behind IE is *continuous improvement*. When we participate in the IE process outlined above, we answer the following questions:

- What can we do to improve delivery of our programs and services?
- How can we best apply our limited resources in the delivery of our programs and services?

The key to a successful IE process is how we measure and demonstrate progress towards our unit objectives and institutional goals.

## The SPOL Framework

In SPOL, planning units represent the organizational structure of the College. Planning units have “parent-child” relationships. The numbering system for our units also reflects this relationship as illustrated below.

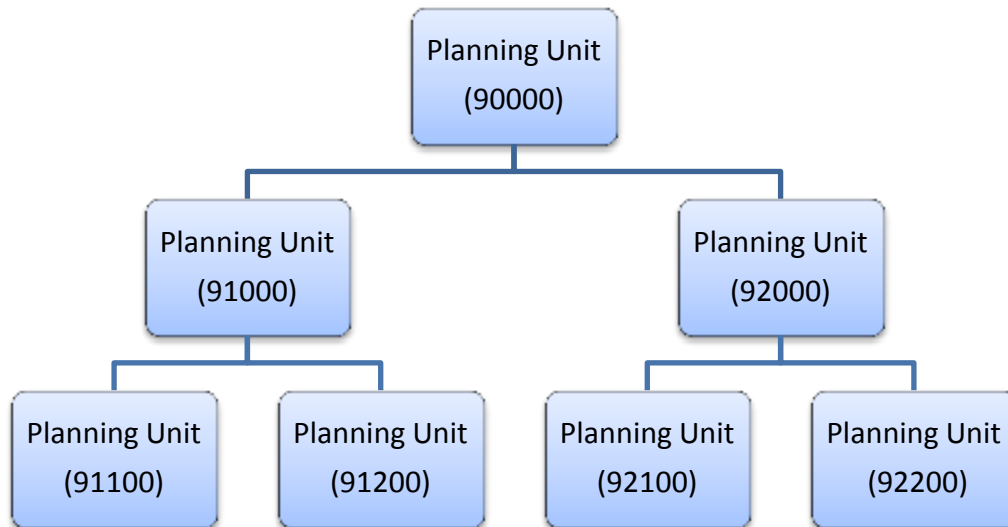

Figure 1.2. Planning Unit Relationships

This reporting structure mimics the organizational chart and establishes the approval chain for planning objectives.

## Launching SPOL

SPOL is a web-based application that is accessed through your web browser. (You may use either of these browsers: Microsoft Internet Explorer 9, 10, or 11; Safari 5 or 6; Chrome 31, 32, 33, or 34.) To access the system:

- Type <https://com.strategicplanningonline.com/SPOLNET/> into the address box of your web browser.
- Press the <Enter> key.
- Enter your user name and password in the “Login to My SPOL” box. Your user name will be your network log-in, and your password will be your network log-in password.
- Click the “Login” button.

**Note:** Remember to keep your password secure. Do not share your password with anyone or let anyone else access your account.

## Navigating SPOL

SPOL uses a common protocol for navigation. Once you learn to recognize the menus, pages and data sections, you will be able to find your way around SPOL with ease.

### Navigation Bar

The navigation bar runs across the top of every page in SPOL. Each selection represents a module or function within SPOL:

- 1) My SPOL – Navigate to the My SPOL Page (the “home” page).
- 2) Planning – Navigate to the Planning Homepage.
- 3) Resources – Navigate to the Resources Page.
- 4) Reports – Navigate to the Reports Page.
- 5) Log Off – Exit the system.

**Figure 1.4. Navigation Bar**

## Common Icons

SPOL has a few icons that allow you to perform common operations and access data easily. Common icons include:

Green arrow

Go back to previous page without saving any data entered

Blue diskette

Save

Printer

Print a report

Calendar

Choose dates to enter on pages

Green Approval Indicator

An objective has been approved

Yellow Approval Indicator

An objective is awaiting approval

Red Approval Indicator

An objective has been rejected

## Chapter 2. My SPOL Page

---

Once you log in, you'll be taken to My SPOL. My SPOL is a customized page that provides quick links to all of the records that belong to you as a user. The page consists of the following sub-sections:

- 1) Search
- 2) Edit My Profile
- 3) Planning Year
- 4) Navigation Bar
- 5) Planning Module Shortcut
- 6) My Planning Units

Figure 2.1. My SPOL Page

## Search

The search feature allows users to search the entire system for information.

To execute a search:

- ➡ Click in the “Search” box.
- ➡ Type the word or phrase you are searching for.
- ➡ Click the “Find” button. Alternatively, you may press <Enter>.

Search Results for "student success"

Figure 2.2. Executing a Search

- ➡ If there are no records to display, you may try further refining your search by using the following fields:
  - Advanced Search - enter search text to restrict your results.
  - Search by - allows you to search for all of the words entered (All Words), any of the words entered (Any Words), or an exact phrase (Exact Phrase).
  - Search by Type - allows you to search for results by type including Objectives, Budgets, and Standards.
- ➡ Once you have located the record you are searching for, select a result from the list of results by clicking on the hyperlink for that result.

**Note:** Try refining your search by "Any Words" to get the maximum number of results.

## Edit My Profile

Once you are logged in, you will see your name and title in the upper right-hand corner of the My SPOL page. This is where you can update personal information such as:

- First and last name
- Title
- Location – physical location on campus
- Phone number, alternate number, and fax number
- Email address

To edit or review your personal information:

- ➡ Click the "Edit" icon to the right of your name.
- ➡ Review or edit your personal information. Be sure to save any changes you make.
- ➡ Exit the personal information screen.

**Figure 2.4. Editing Your Profile**

**Note:** You can also change your password in the User Detail screen by clicking “Change Password”.

## Planning Year

In SPOL, you are always working in the planning year that you identify.

To change the current planning year:

- ➡ Click the drop-down arrow beside the planning year.
- ➡ Choose the planning year you wish to work within. Note that one year will always be identified as the “Current” year.

**Figure 2.5. Changing the Planning Year**

**Note:** The planning year can be changed from any screen that displays the navigation bar.

## Navigation Bar

As mentioned earlier, the navigation bar allows you to quickly move between the various sections of SPOL.

You can always see where you are in SPOL by following the “breadcrumbs” in the navigation bar. As you move from one page or function to another, you may retrace your steps by clicking on any of the bolded options (e.g., “My SPOL” or “Planning” below).

Figure 2.6. Breadcrumbs

## Planning Module Shortcut

This link will take you to the Planning Homepage, which is the launching pad of the Planning Module. The Planning Homepage is a customized view of your planning units – those you manage or are in some way responsible for.

We will examine the Planning Homepage more in depth later.

## My Planning Units

This section creates a customized view of your planning units. It expands into a list of “My Planning Units,” “Planning Units that I am a Member of,” and “Planning Units that Report to Me.” Each unit can also be expanded to show the mission, primary functions, and all of the objectives associated with the unit.

To expand a list:

- ➡ Click the triangular shaped icon next to the list you want to expand (or click the line itself).
- ➡ From the top level, you may also select the “View” option to open the list.

Figure 2.7. My Planning Units on the My SPOL Page

From here you can view details about any of your units through the Planning Unit Homepage for that unit.

To navigate to a planning unit’s homepage:

- ➡ Click “View” to the right of the planning unit name.

## Reviewing the Unit Mission

To review a unit's mission statement:

- ➔ Click "View" to the right of the planning unit name. This will take you to the Planning Unit Homepage.
- ➔ In the My Planning Units box towards the upper left of the screen, review the mission statement.

Figure 2.8. Planning Unit Mission

To edit the unit's mission:

- ➔ Click "Edit" in the upper-right corner of the My Planning Units box to view the Planning Unit Detail page.
- ➔ Edit the mission in the text box provided and save your changes.

A screenshot of a web form titled "Planning Unit Detail". At the top, it says "Use this form to add, edit, or delete Planning Units." The form includes several fields: "Planning Unit Parent:" with a dropdown menu showing "11000 - Career Services \*\*\* Sample Parent Unit \*\*\*"; "Planning Unit Code:" with a text box containing "11000"; "Planning Unit Title:" with a text box containing "Career Services \*\*\* Sample Unit \*\*\*"; "Planning Unit Type:" with a dropdown menu showing "Academic/Student Support"; and "Unit Mission:" with a large text area containing the text "To assist students in the transition from academia to the world of work by preparing students for life after graduation." There is also an "Active:" checkbox and an "ERP ID: PU57001" label.

Figure 2.9. Editing a Planning Unit Mission

## Reviewing Primary Functions

To review a unit's primary functions:

- ➡ From the My SPOL page, click "View" to the right of the planning unit name. This will take you to the Planning Unit Homepage.
- ➡ In the Planning Unit Goals/Functions section, mouse over a function to view the entire text.

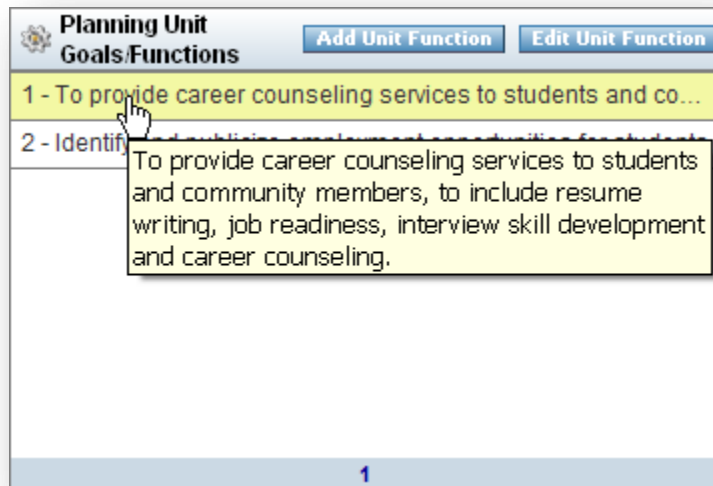

Figure 2.10. Viewing Unit Functions

**Note:** Users are currently not able to edit planning unit goals/functions. Please send any changes to the goals/functions of a unit to IRE and those changes will be reflected in the system.

# Chapter 3. The Planning Module

The Planning Module is where you create and manage unit plans. All of the main functions of the Planning Module are represented in the Planning Homepage.

## The Planning Homepage

The Planning Homepage is the launching pad of the SPOL planning function. This page enables you to find and manage objectives and reports as well as planning units.

To access the Planning Homepage:

- ➡ Click on "Planning" on the navigation bar at the top of any page. Alternately, you may click on the large "Planning" icon on the My SPOL page.

Figure 3.1. Accessing the Planning Homepage

The Planning Homepage consists of several menus:

- 1) Create a New Objective – Enter a new objective.
- 2) View My Objectives – Access your existing objectives.
- 3) View My Planning Units – Go to the homepage of any of your planning units.
- 4) Print a Report – Navigate to the reports page where you can access planning reports.

- 5) Search for Objectives – Search all objectives that are in the system.
- 6) Copy Objective Data – Roll an objective forward from one planning year to the next.

Figure 3.2. Planning Homepage

## Create a New Objective

To access the page to enter a new objective:

- ➔ Click “Create a New Objective” on the Planning Homepage. The Create a New Objective page will appear with the following sections:
  - 1) Objective Title
  - 2) Planning Unit
  - 3) Original Planning Year
  - 4) Multi-Year Objective
  - 5) Objective Purpose
  - 6) Objective Status
  - 7) Objective Description
  - 8) Strategic Goals
  - 9) Annual Priorities

❶ **Note:** Although you will see an *Objective Types* section, we will not be using that element.

To enter a new objective on the Create a New Objective page:

- Enter an “Objective Title” – a short name for the objective that will easily distinguish it from your other objectives.
- Select the appropriate “Planning Unit” from the drop-down menu. Only the planning units that you are responsible for in some way will be available.
- Select the “Original Planning Year” from the drop-down menu. This is the year the objective will begin; it defaults to the current planning year.
- Select “No” for “Multi-Year Objective”. We will learn later how to roll an objective forward from one planning year to the next.
- Choose an “Objective Purpose” from the drop-down list. Two options are available:
  - a. *Developmental* – Developmental objectives are new initiatives related to the College’s long range strategic goals and annual priorities. They may have budgetary implications.
  - b. *Operational* – Operational objectives support the institution’s maintenance-of-effort activities and generally do not change from year to year. The budgetary impact rarely changes from year to year. Most objectives will be Operational.
- Select the appropriate “Objective Status” from the drop-down list. The status for a new objective should be *No Status*.
- Enter an “Objective Description” that explains what it is that the unit is going to accomplish. (The radio button to the right allows for either plain text or HTML formatting.)
- Select one or more “Strategic Goals” that the objective addresses. Each objective must address at least one of the College’s strategic goals.

To select a strategic goal:

- Click “Edit Strategic Goals” (or “Click Here to Add Data”).
- Use the checkbox beside the goal number to select a goal. Multiple goals may be selected. (Mouse over a goal to view its entire text.)
- Select the “Primary Goal Indicator” radio button (shown above) for one goal. One goal must be identified as the primary goal in order to save the record.
- Save the changes.

Figure 3.4. Selecting Strategic Goals

- **If Applicable:** Select one or more “Annual Priorities” that the objective addresses. This will only apply to developmental objectives that are linked to one or more specific annual priorities.

To select an annual priority:

- Click “Edit Annual Priorities” (or “Click here to add data”).
- Use the checkbox beside the priority title to select a priority. Multiple priorities may be selected. (Mouse over a priority to view its entire text.)
- Select the “Primary Priority Indicator” radio button (shown above) for one priority. One priority must be identified as primary in order to save the record.
- Save the changes.

## The Objective Details Page

Upon saving your new objective, you will be directed to the Objective Details page. This is one of the most powerful pages that you will use in SPOL because it allows you to view and manage your objectives and all of the data associated with them.

The Objective Details page displays the following information:

- 1) Objective Approval Status
- 2) Objective Description
- 3) Planning Years
- 4) Intended Results
- 5) Assessment Measures
- 6) Tasks
- 7) Status Reports
- 8) Actual Results

## Assessment Measures

Assessment Measures are the tools or methodologies used to gather data and determine whether or not the intended results of an objective were realized.

To add an assessment measure:

- ➡ Click “Add Assessment Measure”. (Alternately, you may click “Click here to add data”.)
- ➡ Enter text to describe the assessment measure. (The date and planning year will populate automatically.)
- ➡ Click “Save”.

## Tasks (Optional)

Here you may list the specific tasks that are associated with successfully completing an objective; in other words, this is where you may record an action plan.

To add a task:

- ➡ Click “Add Task”. (Alternately, you may click “Click here to add data”.)
- ➡ Enter the “Date Due”. This can be done manually, or by clicking the calendar icon.
- ➡ Enter the “Task Status”. Options are Not Started, In Progress, Deferred, and Complete.
- ➡ Enter a “Priority Level” for the task. Options are High, Medium, and Low.
- ➡ If there is more than one task associated with the objective, select a number in “Task Order” to indicate the order in which tasks should be performed.
- ➡ In “Task Description”, enter text to describe the task.

## The Approval Process

In SPOL, planning units have “parent-child” relationships that establish the approval chain for objectives. The approval process begins once you have finished entering and editing all of the required data for an objective.

## Approval – Unit Manager’s Process

### Approving an Objective

To begin the approval process for an objective:

- ➡ Go to the Objective Details page for the objective. (*My SPOL > Planning > View My Objectives*)
- ➡ In the Approval Options drop-down menu, select “Approve Objective”.

The following screen will appear:

**Approve this Objective** [Approve] [Cancel]

**Objective Approval Note:**

I have worked on this objective and would like your approval at your convenience. Thanks!

Figure 3.18. Objective Approval Notes

- Enter comments (if applicable). Comments entered here will appear in the e-mail that will be sent to the next manager in the approval chain. (The comments will also be viewable via the Approval Notes drop-down on the Objective Details page.)
- Click “Approve”.

❶ **Note:** *An objective remains in “Draft Mode” until the original author approves it. As long as an objective is in “Draft Mode”, only the author may view it.*

A message will appear indicating that the associated e-mails are being sent. When you approve an objective, SPOL sends the e-mail below with a link to view the objective to the parent unit manager (your supervisor).

Dear Kent, Clark,

The objective "13-Student Satisfaction" was approved by Lane, Lois and is awaiting your review. You can use the link below to visit this objective.

<https://spol.com.edu/SPOLNET/Planning/ObjectiveDetailNew.aspx?ObjectiveID=13>

**Figure 3.19. Approval E-mail**

At this point, the Objective is no longer in “Draft” mode, but is “Awaiting Approval” as shown on the Objective Details page. Taking the objective out of draft and makes it available for others to see.

The screenshot shows the 'Objective Details' page for 'Student Satisfaction'. The objective is identified as '11000 - Career Services \*\*\*Sample Unit\*\*\*' with Unit Manager 'Lane, Lois' and email 'callen13@com.edu'. The status is 'Awaiting Approval', highlighted by a red circle and a blue banner that also says 'Awaiting Approval by Kent, Clark'. The 'Approval Status' is shown as a green circle with a yellow circle next to it. Below the status are 'Note Options' and 'Approval Options' dropdown menus. At the bottom, there are buttons for 'Add Objective', 'Edit Objective', and 'Delete Objective'. The 'Objective Description' section shows 'Objective ID: 13', 'Status: No Status', and 'Objective Purpose: Operational'. The description text is 'Graduates will be satisfied with services provided by Career Services.'

**Figure 3.20. Objective Awaiting Approval**

## Undoing an Approval

As long as an objective is “Awaiting Approval” by the parent unit manager, you may undo your approval (to make changes to the objective, take more time to review it, etc.).

To undo an approval:

- Select “Undo Approval” in the Approval Options drop-down and click “Yes” in the message box that appears. The objective status will change back to “Draft”.

You can also see who is in your reporting chain and follow whether they have approved the objective by placing your mouse over the indicators beside “Approval Status”.

Figure 3.21. Approval Status Indicators

If the parent unit manager rejects the objective, you will automatically receive a rejection e-mail. The e-mail will include notes from the parent unit manager.

Dear Lane, Lois,

The objective "13 - Student Satisfaction " was rejected by Kent, Clark and is awaiting your review to re-approve. You can use the link below to visit this objective.

Rejected Note:  
I would like to see at least one additional task added to this objective.

<https://spol.com.edu/SPOLNET/Planning/ObjectiveDetailNew.aspx?ObjectiveID=13>

Figure 3.22. Rejection E-mail

You will also see that the objective is now “In Review” and that there is a red approval status indicator on the Objective Details page.

Figure 3.23. Rejected Objective

❶ Note: You can always view all notes associated with an objective’s approval by selecting “View Approval Notes” in the Note Options drop-down of the Approval Notes section.

Once you have made the necessary changes to the objective, you may approve the objective again. When the objective is approved by the parent unit manager, you will not receive an e-mail. However, when you view the Objective Detail page, the approval status will be “Approved”.

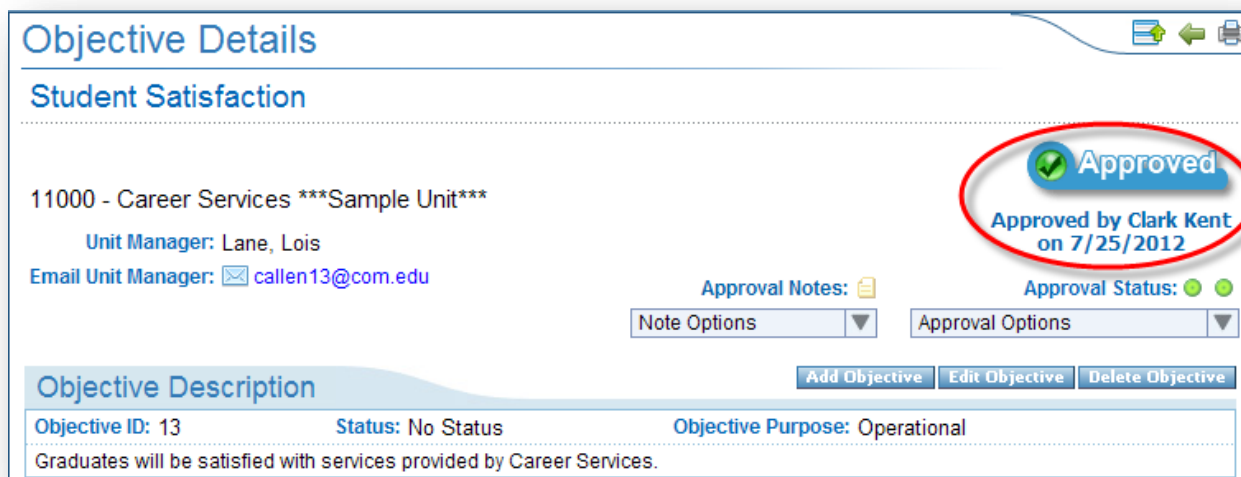

Figure 3.24. Approved Objective

Additionally, when you access the My SPOL page and drill down to the objective, you will see that all approval status indicators for the objective are now green.

Welcome Lois Lane

### Approval – Parent Unit Manager's Process

The approval process for a parent unit manager begins when a unit manager approves an objective. This triggers SPOL to send an e-mail (with a link to the objective) to the parent unit manager:

Dear Kent, Clark,

The objective "13-Student Satisfaction" was approved by Lane, Lois and is awaiting your review. You can use the link below to visit this objective.

<https://spol.com.edu/SPOLNET/Planning/ObjectiveDetailNew.aspx?ObjectiveID=13>

Figure 3.26. Approval E-mail to Parent Unit Manager

To begin the approval process for an objective:

- From the My SPOL page, drill down to “Planning Units that Report to Me > Planning Unit > Objective ID”.

Figure 3.27. My SPOL Page with Objective Awaiting Approval

- Double-click the appropriate objective. The Objective Details page will appear. The objective status will be “Awaiting Approval”.

## Undoing an Approval

As a parent unit manager, you have the option to undo your approval of an objective.

To undo an approval:

- Select “Undo Approval” in the Approval Options drop-down and click “Yes” in the message box that appears. The objective status will change back to “Awaiting Approval”.

## Rejecting an Objective

To reject an objective:

- Select “Reject Objective” in the Approval Options drop-down.
- You must enter an Objective Rejection Note. Comments entered here will appear in the e-mail that will be sent to the Unit Manager, and will also be viewable via the Approval Notes drop-down on the Objective Details page.
- Click “Reject”.

**Objective Rejection Note:**

I would like to see at least one additional task added to this objective. Possibly one regarding development of the survey and establishing a timeframe for completion.

**Figure 3.30. Objective Rejection Notes**

SPOL will then send an e-mail (with a link to the objective) to the unit manager.

Dear Lane, Lois,

The objective "13 - Student Satisfaction " was rejected by Kent, Clark and is awaiting your review to re-approve. You can use the link below to visit this objective.

**Rejected Note:**  
I would like to see at least one additional task added to this objective.

When you access the Objective Details page, the status will read "In Review". When the unit manager approves the objective again, you will receive another e-mail from SPOL. At that time, you will have the option to undo the rejection.

### Undoing a Rejection

To undo a rejection:

- ➡ Navigate to the Objective Details page.
- ➡ Select "Undo Rejection" in the Approval Options drop-down.
- ➡ Click "OK" on the pop-up window asking you to verify that you want to undo the rejection.

## Closing the Loop

After formulating objectives, implementing the tasks necessary to achieve those objectives, and identifying what measurements will be used to determine if the goals have been met, there are still several unanswered questions:

- How is the plan progressing?
- What was the actual outcome?
- What did the data reveal?
- Based on the results, what actions will you take to improve the results in the future?

The answers to these questions will help us complete the planning cycle and “close the loop” by reporting results and using those results for continuous improvement.

## View My Objectives

View My Objectives allows you to access the objectives that you have already written for your planning units to make edits and updates.

To view an objective:

- ➡ Click “View My Objectives” on the Planning Homepage (*My SPOL > Planning*). This will take you to the My Objectives page.
- ➡ Click on a planning unit to drill down to the objectives for that unit.
- ➡ Double-click on an objective to open the Objective Details page.

## Status Reports

Status Reports detail what has happened as the objective has been pursued, challenges that have been faced, successes that have been achieved, changes in strategies, etc. Mid-year reports will be recorded in this section of SPOL.

To enter a status report:

- ➡ On the Objective Details page, scroll down to “Status Reports”.
- ➡ Click “Add Status Report”. (Alternately, you may click “Click here to add data”.)
- ➡ Enter text for the status report. (The date and planning year will populate automatically.)
- ➡ Click “Save”.

The screenshot shows a window titled "Status Report" with a "Save" and "Close" button in the top right corner. On the left, there is a "Status Report Date:" label above a text box containing "8/1/2012" and a small calendar icon. On the right, there is an "Objective Planning Year:" label above a dropdown menu showing "2011-2012 - (Current)". Below these fields is a "Status Report:" label followed by a large text area. The text area contains the following text: "This objective is 50% complete at this time. Survey instrument has been developed and is undergoing final approval. We are currently scheduled to begin administering the survey on September 1, 2012." The text area has a vertical scrollbar on the right side.

Figure 3.36. Adding a Status Report

To edit a status report:

- Select the status report you wish to edit by clicking it so that it is highlighted, then click "Edit Status Report".  
(Alternately, you may double-click the status report.)
- Edit the text.
- Click "Save" or
- Click "Delete" and click "OK" when the warning message appears to delete the item.

This screenshot is identical to the one in Figure 3.36, showing the "Status Report" window with the same fields and text. However, the top right corner of the window now includes three buttons: "Save", "Delete", and "Close".

Figure 3.37. Editing a Status Report

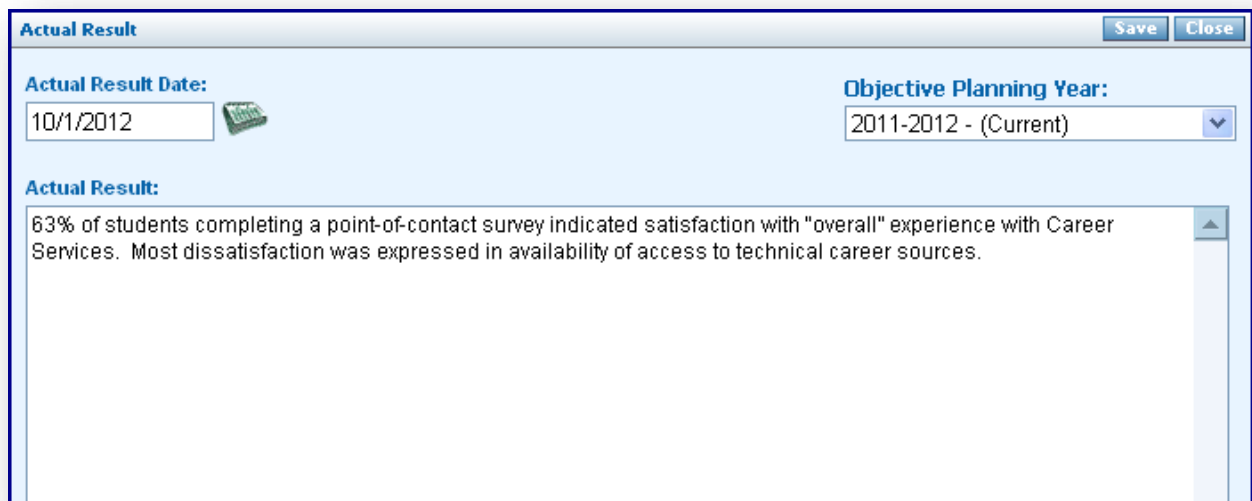

## Actual Results

This section describes what actually happened over the course of the planning year. It outlines the data collected from the assessment measures you previously identified, and will answer the questions:

- What was the actual outcome?
- What did the data reveal?

To enter an actual result:

- ➡ On the Objective Details page, scroll down to “Use of Results”.
- ➡ Click “Add Actual Result”. (Alternately, you may click “Click here to add data”.)
- ➡ Enter text for the Actual Result. (The date and planning year will populate automatically.)
- ➡ Click “Save”.

The screenshot shows a web form titled "Actual Result" with a "Save" and "Close" button in the top right corner. The form contains three main sections: "Actual Result Date:" with a text input field containing "10/1/2012" and a calendar icon; "Objective Planning Year:" with a dropdown menu showing "2011-2012 - (Current)"; and "Actual Result:" with a large text area containing the text: "63% of students completing a point-of-contact survey indicated satisfaction with 'overall' experience with Career Services. Most dissatisfaction was expressed in availability of access to technical career sources."

Figure 3.38. Adding an Actual Result

Once you have entered actual results, you should also update the status of that objective. On the Objective Details Page, click “Edit Objective”, select the appropriate Objective Status from the drop-down, and click “Save”. Status options are:

- **Complete** – objective has been assessed, has actual results, and is no longer being pursued.
- **Ongoing** – objective has been assessed and has some results, but is still being pursued and will be assessed again in the future.
- **In Progress** - objective is being pursued but does not yet have results to report.
- **Discontinued** - objective is no longer being pursued.

To edit an actual result:

- Select the actual result you wish to edit by clicking it so that it is highlighted, then click “Edit Actual Result”.  
(Alternately, you may double-click the actual result.)
- Edit the text.
- Click “Save” or
- Click “Delete” and click “OK” when the warning message appears to delete the item.

Figure 3.39. Editing an Actual Result

## Use of Results

In this section, you will describe how you will use the actual results for continuous quality improvement. The text entered should answer the questions:

- Did you accomplish your objective in an effective manner?
- Based on the results, what actions will you take to improve services?

To enter use of results:

- On the Objective Details page, scroll down to “Use of Results”.
- Click “Add Use of Results”. (Alternately, you may click “Click here to add data”.)
- Enter text for the use of results. (The date and planning year will populate automatically.)
- Click “Save”.

The screenshot shows a window titled "Use of Results" with a light blue header. In the top right corner, there are "Save" and "Close" buttons. The window is divided into two main sections. The top section contains two fields: "Use of Results Date:" with a text box containing "10/1/2012" and a small calendar icon, and "Objective Planning Year:" with a dropdown menu showing "2011-2012 - (Current)". The bottom section is labeled "Use of Result:" and contains a large text area with the text "Career Services staff have located several new technical sources of career information." The text area has a vertical scrollbar on the right side.

Figure 3.40. Adding Use of Results

To edit use of results:

- Select the use of results you wish to edit by clicking it so that it is highlighted, then click "Edit Use of Results". (Alternately, you may double-click the use of results.)
- Edit the text.
- Click "Save" or
- Click "Delete" and click "OK" when the warning message appears to delete the item.

This screenshot is identical to Figure 3.40, showing the "Use of Results" window. However, in the top right corner, there are three buttons: "Save", "Delete", and "Close". The rest of the window, including the date field, the planning year dropdown, and the text area with the career services information, remains the same.

## Document Management

This section allows users to upload documents that relate to or support an objective. Common file types are supported such as Word, Excel, PowerPoint, and PDF. Because the document repository is organized in a file structure hierarchy, the following steps must be taken to upload documents.

To upload a document:

- Click “Add Document”. (Alternately, you may click “Click here to add data”).
- Click the folder with your unit’s name to display the upload screen. Folders are organized by division and are listed in alphabetical order.
- Click “Upload” to bring up the Document Management File Uploader.

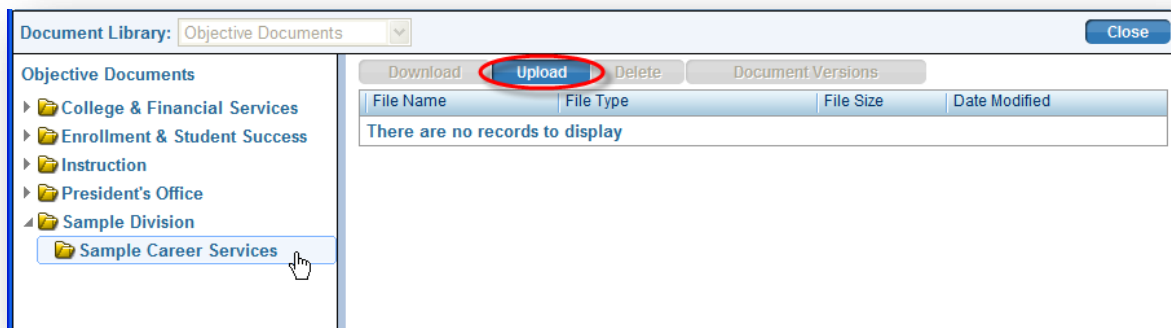

Figure 3.42. Accessing the Document File Uploader

- Browse your computer for the document.
- Click “Upload” to add the document.

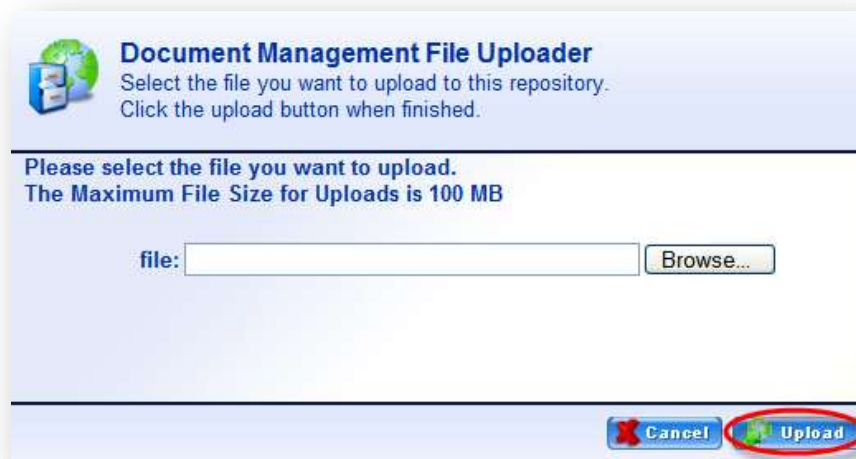

Figure 3.43. Uploading a Document

To manage uploaded documents:

➡ Click on a document to select it. The following options/information will be displayed:

- 1) Download – Download the document.
- 2) Upload – Upload another document to the repository.
- 3) Delete – Permanently delete the document from the repository.
- 4) Remove Document – Remove the document from the current objective, but leave it in the repository so that it is available for association with other objectives.
- 5) Information about the upload date, repository path, document name, document type, document size, whether other versions of the document have been uploaded, and any associations with objectives.

## View My Planning Units

From the Planning Homepage, you are able to navigate to the homepage of any of your planning units.

To view a planning unit:

- Click “View My Planning Units” on the Planning Homepage. This will take you to the My Planning Units page.

## Print a Report

SPOL includes a number of standard reports that users can generate to easily view information. We will examine more about viewing and printing reports in Chapter 4.

## Search for Objectives

The Planning Homepage also has a link that allows you to search the system for objectives.

To search for objectives:

- ➡ Click “Search for Objectives” on the Planning Homepage. This will bring up the Objective Search page.

➡ Enter any of the following criteria and click “Search” to see the results:

## Roll Objectives Forward

Often you will want to copy objectives from one planning year to the next. In SPOL, this can easily be accomplished.

To roll objectives forward:

➡ Click “Copy Objective Data” on the Planning Homepage. This will direct you to the Copy Data page.

My SPOL > Planning > Copy Data

## Copy Data

Select a source planning year, a destination planning year and then click Copy Data.

## Built-In Resources

This section allows you to view resource information that is specific to this institution, such as:

- Mission Statement
- Strategic Goals
- Annual Priorities
- Glossary of Terms

For example, to view the mission statement:

- ➔ Click on “Mission Statement”. The pop-up window below will appear displaying the information.

The image shows a pop-up window titled "Mission Statement for Planning Year: 2011-2012". It features a header with a document icon and a dotted line separator. Below the separator is a table with two columns: "Year" and "Mission Statement". The table contains one row for the year 2010, with the mission statement text. The text is organized into sections: Mission, Vision, and Values. The Values section is a bulleted list.

Year	Mission Statement
2010	<b>COM Mission, Vision &amp; Values</b>  <b>Mission</b> College of the Mainland is a learning?]centered, comprehensive community college dedicated to student success and the intellectual and economic prosperity of the diverse communities we serve.  <b>Vision</b> College of the Mainland will be a valued and vital community partner by striving to enrich our expanding community and preparing our students to learn, work, and live in a diverse, dynamic, and global environment.  <b>Values</b> <ul style="list-style-type: none"><li>• Student Success and Academic Excellence</li><li>• Continuous Improvement and Accountability</li><li>• Mutual Respect, Civility, and Integrity</li><li>• Diversity and Inclusiveness</li><li>• Innovation and Adaptability</li><li>• Campus and Community Collaboration</li></ul>

## Document Management

SPOL provides a document repository that gives users the ability to view documents that support the planning process, such as this manual. System Administrators are able to make these documents available for viewing and downloading.

## Reports Module

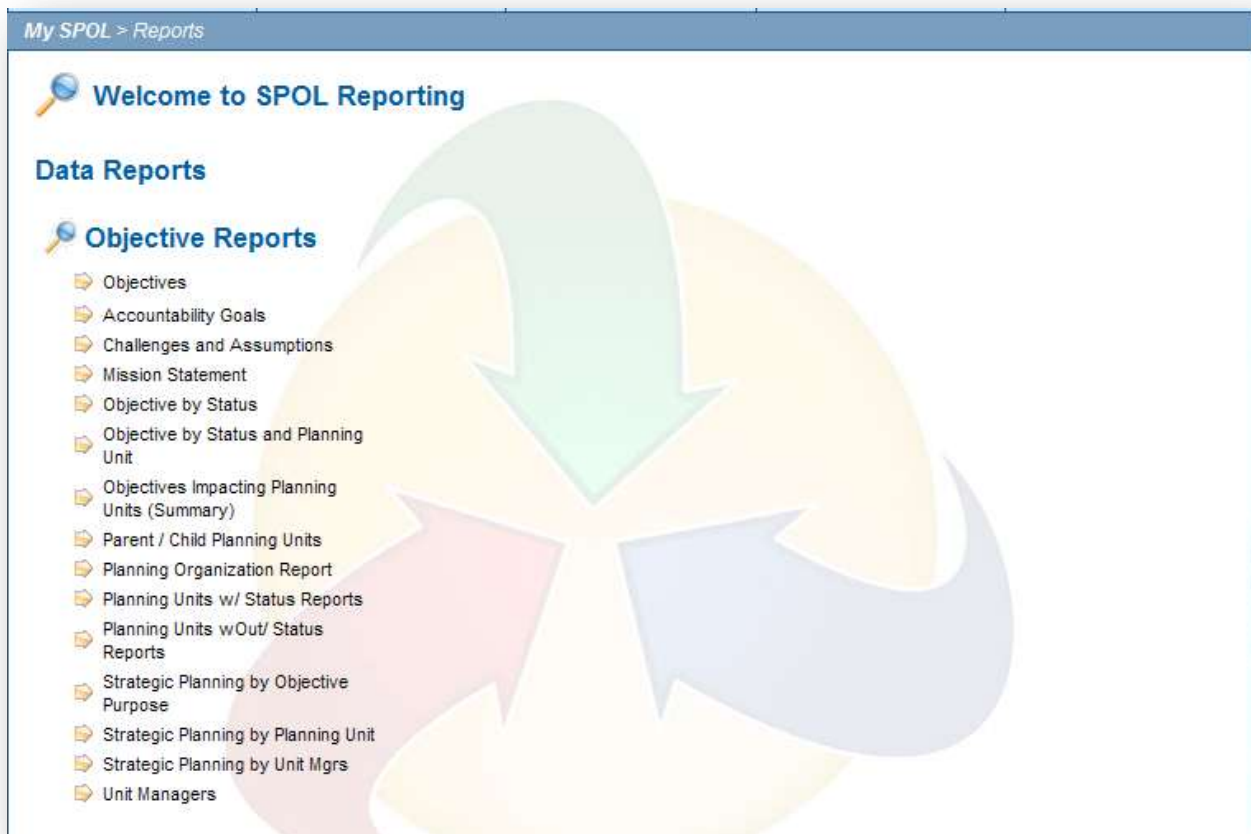

Each standard SPOL report requires a different set of parameters in order to be generated. In some instances, only information about your units or units that report to you will be available for reports.

Reports that are available are:

- Objectives — Lists all objectives.
- Accountability Goals – *Not Applicable*
- Challenges and Assumptions — *Not Applicable*
- Mission Statement — Displays the mission statement for the selected planning year.
- Objective by Status — Lists all objectives and groups them by status.
- Objective by Status and Planning Unit — Lists all objectives and groups them by status and planning unit.
- Objectives Impacting Planning Units (Summary) — *Not Applicable*
- Parent/Child Planning Units – Displays parent planning unit along with child units. Includes manager, members, purpose, and objectives.
- Planning Organization Report – Lists planning unit managers and the planning units they are members of.
- Planning Units w/ Status Reports — Lists selected units (parent and children) that have data in the Status Reports area.
- Planning Units wOut/ Status Reports — Lists selected units (parent and children) that do not have data in the Status Reports area.
- Strategic Planning by Objective Purpose — Lists planning results sorted by objective purpose for each objective of each planning unit with options to include data elements such as actual results, status reports, tasks, etc.
- Strategic Planning by Planning Unit — Lists planning results of each objective of each planning unit with options to include data elements such as actual results, status reports, tasks, etc.
- Strategic Planning by Unit Mgrs — Lists planning results by unit manager of each objective of each planning unit with options to include data elements such as actual results, status reports, tasks, etc.
- Unit Managers — Lists position, full name, and user name for all selected managers.

To generate a report:

- Click “Print a Report” on the Planning Homepage. (Alternately, you may click “Reports” on the navigation bar from any page.)
- Click on the report that you wish to generate, and fill in the necessary parameters.

**Figure 4.3. Data Reports Page**

The following example walks through the steps to generate the Planning Organization Report.

- On the Data Reports page, click “Planning Organization Report”.
- The planning year defaults to the current year. You may select another year by using the drop-down menu.
- Select a planning unit (or multiple units) from the drop-down menu.

Figure 4.4. Selecting Report Parameters

➡ Click “View Report”. The generated report will appear.

Figure 4.5. Planning Organization Report

Some of the report options include:

- 1) Exporting the report to a selected format. Format options are:
  - XML file with report data
  - CSV (comma delimited)
  - TIFF file
  - Acrobat (PDF) file
  - Web archive
  - Excel
- 2) Selecting a different planning year and/or planning unit(s) and refreshing the report data.
- 3) Printing the report.
