

Estimated costs associated with the Associate Degree in Nursing (ADN) program pre-licensure track include **tuition, college fees, and program fees** during the nursing program. Tuition, college fees, and program fees are listed in the College Catalog at <http://coursecatalog.com.edu/beginning-the-pathway/>. Some fees may be variable according to clinical affiliation requirements and textbook costs. The estimated costs for students who live in-district are \$4,926.00 and \$6,256.00 for students who reside out-of-district. Financial assistance is available through the Financial Aid office. Additional out-of-pocket costs include, but are not limited to:

- Textbooks and Supplemental Resources
- Simulated Electronic Health Record (EHR)
- Background Checks
- Drug Screening
- NCLEX Application Fee
- Jurisprudence Fee
- NCLEX Set-Up Fee
- Uniforms
- Lab Coat
- Shoes
- Electronic Tablet
- Stethoscope
- Nursing Pinning
- Miscellaneous Supplies
- Immunizations
 - Hepatitis B Series: Three shots + **positive** titer (HBsAg titer).
 - Two MMR Vaccinations and/or **positive** serologic test (MMR IgG) demonstrating immunity.
