Vocational Nursing Program

About the Career

Licensed practical and vocational nurses: \$43,170 per year (\$20.76 per hour)

Bureau of Labor Statistics, 2015 median pay

Licensed vocational nurses provide compassionate care to patients in long-term care facilities and visitors to doctors' offices. As the U.S. population ages, demand for vocational nurses continues to increase.

About the Program

The COM Vocational Nursing Program prepares students for rewarding careers through hands-on classes, labs, and clinical experiences at health care facilities. Professors teach small classes, are available for extra help, and dedicate themselves to students' success. A nursing tutor is available for individual and group sessions at no cost to the student.
