Thank you for your interest in our **Dental Assistant Certificate Program** at College of the Mainland. Consideration for acceptance into the program is based on submitting your completed application.

**What is the role of a dental assistant?**
Dental assistants work directly with patients and alongside dentists in the dental practice setting. While dental assisting is a great career in itself, this can also be used as a stepping stone to advance in other areas of the dental field. For example, you can use your knowledge, experience and skillset to help further your education and become a registered dental hygienist or even a dentist. Dental assistants may work with general dentists or dental specialists, such as in oral surgery, pediatrics or endodontics.

Dental assistant duties may include but are not limited to:
- Sterilizing and preparing treatment rooms and instruments
- Taking and developing X-rays
- Seating patients in the treatment area
- Taking and recording patient blood pressure before treatment
- Assisting the dentist directly at chairside with a wide range of treatment procedures
- Ordering supplies
- Providing office assistance with scheduling appointments, answering phone calls, etc.

Through hands-on labs and classes, students train with instructors who have years of experience in the dental field. Students will also receive BLS Healthcare Provider CPR training. After completing the program, students may take the Texas Registered Dental Assistant Exam.

**Do I need a high school diploma or GED?**
Yes; a high school diploma or GED is required to participate in the Dental Assistant Certificate Program. A high school diploma or GED may be required for financial aid application as well as employment at various nursing and medical facilities, depending on their company policies.

**How do I begin?**
Interested students must apply to the Dental Assistant Program by submitting, in person, all required application documents to the CE Allied Health Department located at 200 Parker Court, League City, Texas 77573. **Please note: Incomplete applications are not accepted.** Also, approval of an application does not guarantee a student a place in the class, it only gives the ability to register pending space availability. **Please call CE Allied Health at 409-933-8645 if you have questions.**

**Criminal Background Report**
Acceptable current TXDPS Criminal Background Report (no older than12 months & cannot expire before program completion) [Positive criminal history reports must be reviewed by the CE Allied Health Program Director.] Criminal background reports obtained through city or county law enforcement agencies are not acceptable.

Continuing education students may apply for the Texas Public Education Grant (TPEG-NC). The TPEG-NC covers a portion of tuition fees only (typically 75%) and is a one-time-only grant available to students with financial need. The remaining balance is the student’s responsibility and is due at the time of registration. All application requirements for TPEG must be completed a minimum of two weeks before the class. This form summarizes the “Exceptions to Immunization Requirements (Verification of Immunity/History of Illness) for Varicella (Chicken Pox).”

A written statement from a parent (or legal guardian or managing conservator), or physician attesting to the student’s positive history of varicella disease (chicken pox), or of varicella immunity, is acceptable in lieu of a vaccine record for that disease.
