Dual Credit Academy
Workforce Programs for High School Students

About the Career
Often the first friendly face seen by patients, medical assistants guide patients throughout a clinic or hospital visit. Taking vital signs, helping complete paperwork, recording patients’ symptoms and administering medication are among their varied roles.

About COM Program
The Medical Assistant Program provides an entry-level education for individuals looking to get a start in the medical profession. Medical assistants are allied health professionals who assist the physicians in the medical setting. They perform routine administrative and clinical tasks in order to keep the physician’s office running efficiently. This program is taught at the North County Learning Center in League City.

**Medical Assistant Certificate**

**Dual Credit Academy**
**Workforce Programs for High School Students**

**HIIT 1305 – MEDICAL TERMINOLOGY I**
Study of medical terms through word origin and structure. Introduction to abbreviations and symbols, surgical and diagnostic procedures, and medical specialties.

**MDCA 1309 – ANATOMY AND PHYSIOLOGY FOR MEDICAL ASSISTANTS**
Emphasis on normal human anatomy and physiology of cells, tissues, organs, and systems with overview of common pathophysiology.

**MDCA 1321 – ADMINISTRATIVE PROCEDURES**
Medical office procedures including appointment scheduling, medical records creation and maintenance, phone communications, financial processes, coding, billing, collecting, third party reimbursement, credit arrangements and computer use in the medical office.

**MDCA 1302 – HUMAN DISEASE/PATHOPHYSIOLOGY**
A study of anatomy and physiology with emphasis on human pathophysiology, including etiology, prognosis, medical treatment, signs and symptoms of common diseases of all body systems.

**MDCA 1443 – MEDICAL INSURANCE**
Emphasizes accurate ICD-9 and CPT-4 coding of office procedures for payment/reimbursement by patient or third party and prevention of insurance fraud. Additional topics may include managed care or medical economics.

**MDCA 1417 – PROCEDURES IN A CLINICAL SETTING**
Emphasis on patient-centered assessment, examination, intervention, and treatment as directed by physician. Include vital sign, collection and documentation of patient information, asepsis, minor surgical procedures and other treatments as appropriate for the medical office.

**MDCA 1352 – MEDICAL ASSISTANT LABORATORY PROCEDURES**
Procedures depicted in the Current Clinical Laboratory Improvement Act (CLIA). Includes blood collection, specimen handling, and basic urinalysis, identification of normal ranges, quality assurance and quality control. May include electrocardiography.
Prerequisites: MDCA 1302 and MDCA 1309.

**MDCA 1348 – PHARMACOLOGY AND ADMINISTRATION OF MEDICATIONS**
Instruction in concepts and application of pharmacological principles. Focuses on drug classification, principle and procedures of medication administration, mathematical systems and conversions, calculation of drug problems and medico-legal responsibilities of the medical assistant.

**MDCA 1205 – MEDICAL LAW AND ETHICS**
Instruction in principles, procedures, and regulation involving legal and ethical relationships among physicians, patients and medical assistants. Includes current ethical issues and risk management as they relate to the practice of medicine and fiduciary responsibilities.

**MDCA 1460 – CLINICAL-MEDICAL ASSISTANT**
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: Approval by program director.

**MDCA 1254 – MEDICAL ASSISTING CREDENTIALING EXAM REVIEW**
A preparation for the Certified Medical Assisting Exam, including a review of all three components of the CMA exam. Presents an explanation of how the exam is scored and provides opportunities to take practice exams.
Prerequisites: MDCA 1309, MDCA 1302, HIIT 1305, SPCH 1318, MDCA 1443, MDCA 1417, MDCA 1352 and MDCA 1348.
