Pharmacy Technician

Dual Credit Academy Workforce Programs for High School Students

About the Career

Pharmacy technicians form an integral part of patient care. They measure, label, mix and dispense prescription medication while working under licensed pharmacists. With the patient's health and medication safety in mind, successful pharmacy technicians must be accurate, precise and detailed, while treating patients with compassion and empathy.

Job Market and Salary

| Pharmacy Tech | Average Median Salary | Percentage of Growth by 2022 | |
|----------------|--------------------------|---------------------------------|--|
| Houston Region | \$33,970 | 9% | |
| Texas | \$32,580 | 9% | |
| National | \$30,410 | 9% | |

About COM Program

The Pharmacy Technician Program is nationally accredited through the American Society of Health System Pharmacists (ASHP). This program will prepare the student to pass the national Pharmacy Technician Certification Exam and to obtain the skills necessary to function as a successful pharmacy technician in a retail or hospital setting. Each student is given the opportunity to intern to gain on-site job experience in both a hospital and community pharmacy.
