- Wednesday, July 22, 2020

All classes are  
scheduled from  
**8 a.m.- Noon**

Please **REGISTER** by contacting Ginger Hinckley:  
(409) 933-8365 or [gcsi@com.edu](mailto:gcsi@com.edu)

The National Safety Council's Texas Employer Traffic Safety Program, "Our Driving Concern," is offering this free training program to teach employers the basics of transportation safety. This training is geared for HR professionals, safety professionals, supervisors and safety instructors. The Our Driving Concern (ODC) materials are employer-employee focus and are designed to deliver to your employees at staff meetings, tailgate talks, etc.

\*There is no cost for the ODC program or any resources to purchase after this training.

About half of all crash-related injuries result in days away from work, which can greatly affect **employer** costs.

### WHO SHOULD ATTEND?

- HR professionals
- Safety professionals/instructors
- Risk Managers
- Supervisors and department leaders
- Anyone at your company who has a role in safety and educate other employees

### TRAINING TOPICS COVERED:

- Making a Difference
- Speeding/Aggressive Driving
- Fatigued/Drowsy Driving
- Impaired Driving
- Passenger Restraint

You will receive your own copy of the curriculum and materials for use at your company.
