

Fighting for Social Justice While Social Distancing Video Challenge

This past year has brought many social justice issues to the forefront from LGBT to Voting rights to Justice System reform. We are looking for videos from students that have been vocal about any of these issues and want to continue to speak out. If there is a social issue you are passionate about, **upload your video here before January 22, 2021 at midnight.** These videos will be shared during our MLK Day Celebration Teams event on January 26th. Look for the link to the event in your weekly COM email from Student Life.

If you have pictures, you can create a video at animoto.com for free. For more details or help with this project, email Kari Starz at kdrake@com.edu.
