## Admissions and Records

Student Center, Rm 119

409-933-8264

The Admissions and Records Office helps you find answers to questions regarding admissions, readmission, transferring to or from COM, registration, adding or dropping courses, withdrawing from college and graduation.

Special Note: Notify the Admissions and Records Office immediately should you change your name, telephone, address or any other information that may affect your enrollment status or student record. For more specific information, consult the 2017-2018 online catalog.

### Six-Course Drop Limit (TEC 51.907)

Undergraduate students enrolling as first-time freshmen at a public institution of higher education in Texas in Fall 2007 or thereafter will be limited to a total of six dropped courses during their entire undergraduate career. Please note the following information.

The six-drop limit includes all courses dropped from all Texas public colleges and universities you have attended.

Drops that count in the limit are those for which you receive a grade of W on your College of the Mainland transcript and those equivalent affected drops reported on transcripts from other Texas public colleges and universities. All of these drops combined cannot be more than six courses. If you started college in Fall 2007 or thereafter and then transfer to College of the Mainland from a Texas public college or university with six drops, the equivalent of W, you may not drop any additional courses at College of the Mainland. If you transfer with fewer than six, you may only drop the remainder at College of the Mainland.

After you have the equivalent of six grades of W from College of the Mainland and/or other Texas public institutions in total, you must receive grades of A, B, C, D or F if you drop additional courses.

Drops that do not count in the limit are those for which you withdraw from an entire term (total withdrawal from all courses at the same time). This means that all parts of a term are considered as one term. (e.g., If you drop a three-week course (mini) but remain enrolled in a five-week or 16-week course, you will not have “withdrawn” for the term.) Please notify the Admissions and Records Office if it is your intent to withdraw before you drop so the courses can be marked appropriately. Drops from developmental courses do not count in the limit (any course with a “0” first in the course number, e.g., MATH 0310).

College courses taken while still in high school do not count in the limit. Once you enroll at College of the Mainland after high school graduation, any drops after that time will count.

If you attended college anywhere prior to Fall 2007, you are excluded from this law.

Exemptions to this six-course drop limit include severe illness, care for a sick person, death of a family member, active duty military, withdrawing for the term, change of work schedule beyond student’s control and other good cause as determined by the institution. These exemptions are requested from the Admissions and Records Office and must be made prior to dropping the course. Documentation is required.

You should fully understand this new drop limit before you drop any of your courses. If you have questions or need assistance, please visit the Student Success Center or the Admissions and Records Office, both located in the Student Center, Rm building.

### Applying for Graduation

Students applying for graduation must meet with their academic advisor and have a degree plan attached to their signed graduation application. Graduation applications should only be submitted to the Office of Admissions and Records during the semester of completion.

## Incomplete Grades

The Incomplete Grade (“I”) is a temporary grade given when a student has experienced unforeseen circumstances beyond the student’s control which results in the student being unable to successfully complete the course within the time frame of the semester. An “I” may be assigned only if, in the judgment of the instructor, the student:

- can complete the course outcomes with minimal instructional assistance and without attending additional class sessions
- has completed a majority of the assigned course work
- is in good standing (passing the course)

Additionally, an “I” may be assigned only when one of the following circumstances is met:

- 1) Only a single assignment (exam, paper, presentation, or project) is still outstanding  
OR
- 2) No more than 25% of the points possible in the class are still outstanding.

In cases where an instructor agrees to assign an “I”, the instructor must complete an “I” contract form for the student who receives an “I” as the course grade on the grade roster. The “I” contract will specify the course requirements that must be completed and the due date for the work to be submitted (no later than one year from when grade was assigned). A copy of the “I” Contract form should be attached to the grade sheet, and the student and instructor will retain a copy.

After the student has successfully completed the requirements of the “I” contract, the instructor will complete and submit a Change of Grade form, changing the “I” to the appropriate permanent grade. When the Change of Grade form is used to change an “I” to a letter grade, only the instructor is required to sign the form. If after one year the student fails to complete the requirements of the “I” contract, the “I” will automatically be converted to an “F”.

## Financial Aid

Student Center, Rm 212  
409-933-8274

College of the Mainland can help students find financial assistance through federal, state, and local aid. Students can apply for financial assistance through the Student Financial Services Office or online through the website. Assistance with filling out the Free Application for Federal Student Aid (FAFSA) is also available.

## Carl Perkins Child Care Grant

The Student Financial Services Office administers a child care grant for low-income technical-vocational students. Students applying for the child care grant must be Pell Grant recipients enrolled at least half-time (6 hours) in a technical-vocational program. For more information, contact the Financial Aid Office at 409-933-8274.

## Student Financial Aid Checklist

- Apply for admission to COM and have all required forms filled out prior to registration.
- Complete the FAFSA as early as possible and by priority deadline dates.
- Provide accurate information that can be verified by supporting documentation.
- Provide verification of income (tax transcripts, W-2 transcripts) and other data as requested.
- Read the COM Catalog for refund policies, courses offered, degree plans, tuition and fees and financial aid responsibilities and obligations.
- Reapply for financial aid each academic year.
- For loan recipients, be enrolled in at least six credit hours each semester.

## Important Financial Aid Policies

### Change of Enrollment Status

Because of certain requirements regarding federal, state and veterans financial assistance, students who do not meet the attendance rules for class may be reported to the Student Financial Services Office for nonattendance or if their absences are deemed excessive. The Student Financial Services Office will then report the student's noncompliance to the funding source, if applicable. The same applies if a student drops below the required semester hours or withdraws from the College. Federal aid recipients will also be monitored because a change in enrollment status may require a student to return a portion of the aid to the federal government.

### Financial Aid Repayment Policy

Students receiving federal and/or state loans and/or grants who withdraw from the College may be liable to repay all or a portion of the aid they received in accordance with federal/state law, donor requirements or policies and procedures published in the current college catalog. Students are strongly encouraged to be knowledgeable of their responsibilities and obligations regarding repayment of financial aid funds and/or loan defaults.

### Financial Aid Warning/Probation

Following the first semester in which the standards of academic progress are not met, the student will be placed on warning for the next semester of enrollment. A student who fails to meet the standards of academic progress during the semester of attendance while on warning will be placed on probation and denied further funding. Students who have attempted 150 percent of their degree or certificate program, usually 90 hours for a two-year degree or 45 hours for a one-year certificate program, are automatically ineligible for financial aid and are placed on probation.

### Financial Aid Probation Appeal Policy

A student who has been placed on financial probation may submit a written appeal with supporting documentation to the Student Financial Aid Satisfactory Academic Appeals Committee. The Appeals Committee membership consists of two (2) voting faculty members and three (3) voting representatives from the Student Services areas. The Director of Student Financial Aid is a non-voting member of the committee. A quorum consists of five members and at least three must be voting members.

Appeals are accepted for extenuating circumstances such as illness, death of an immediate family member or undue hardship. Students who have their appeals approved will be placed on an academic plan and continue on financial aid probation until they meet satisfactory academic progress or complete a degree. Appeal application forms are available online and in the Student Financial Services Office. The Appeals Committee meets once monthly except in December. Check with the Student Financial Services Office for dates and deadlines. If an appeal is denied, the student may request to meet with the Appeals Committee if additional documentation can be provided. Decisions of the Appeals Committee are final.

## Student Rights and Responsibilities

College of the Mainland holds that the student, upon enrollment, neither loses the right nor escapes the duties of citizenship. The student-citizen must exercise liberty with responsibility. The listing of the following rights and responsibilities shall in no way be interpreted as being all-inclusive and denying the existence of other rights and responsibilities which a student holds as a student or citizen.

It is your right...

- to have your voice heard;
- to expect an educational program of the highest quality;
- to have the opportunity to develop your potential to the best of your ability; and
- to inquire about and recommend improvements in policies, regulations and procedures affecting the welfare of students. This right is best exercised through SGA and other campus organizations.

## Standards of Student Conduct

College of the Mainland assumes that students eligible to perform on the college level are familiar with the standard rules governing proper conduct and that they will observe these rules. COM accepts the concept that where its interests as an academic community are involved, the legal and ethical authority of the institution should be asserted and maintained.

Student rights and responsibilities are described in [FLB \(Local\)](#) policy on the College website.

These include Scholastic Dishonesty, Disorderly Conduct, Prohibited Conduct, Federal, State, and Local Law, Prohibited Weapons, Drugs and Alcohol, Debts, Disruptions, Behavior Targeting Others, Property, Directives, Gambling, Tobacco, including E-Cigarettes, Sexual Misconduct and Misuse of Technology.

The College prohibits Discrimination, Harassment, and Retaliation.

[FFDA \(Local\)](#) - addresses complaints of sex and discrimination, sexual harassment, sexual assault, and retaliation targeting students.

[FFDB \(Local\)](#) - addresses complaints of discrimination, harassment, and retaliation based on race, color, religion, national origin, age, or disability targeting students.

## Discipline

A student shall be subject to discipline, including suspension, in accordance with [FM \(Legal\)](#) and [FMA \(Local\)](#) if the student violates any Board policies or procedures or policies and procedures of any college district program:

1. While on College District premises;
2. While attending a College District activity; or
3. While elsewhere if the behavior adversely impacts the educational environment or otherwise interferes with the College District's operations or objectives.

## Discipline and Penalties

When a student engages in conduct that violates the law, he or she is subject to college disciplinary action in addition to any action taken by a law enforcement agency or court of law. The Dean of Students shall consider and take appropri-

ate disciplinary action when violation of law, college rules and regulations, and other breaches of conduct by students are reported. The Dean of Students shall attempt to ensure the best interests of the offending student(s) and the College are served by making use of College counseling and other available resources as appropriate.

Alleged misconduct committed by a student is reported to the Dean of Students within a reasonable time, not to exceed ten College business days from the date college faculty and staff knew or should have known that the incident occurred.

For procedures related to student discipline see [FMA \(Local\)](#) and [FMA \(Regulation\)](#).

Student complaints regarding procedures addressing discipline procedures are found in [FLD \(Regulation\)](#) and [FLD \(Exhibit\)](#).

## Complaints Relating to Faculty

### Code of Ethics

Any student who has a complaint about a College faculty member relating to a violation of the Code of Professional Conduct and Ethics ([DH Local](#)) policy has the opportunity to seek resolution of the complaint. All parties involved have the right to be represented by legal counsel or others. The College encourages all parties to use informal means to resolve complaints, if possible according to [FLD \(Local\)](#) and [FLD \(Regulation\)](#).

Complaints of discrimination are addressed under the Discrimination, Harassment and Retaliation section of this handbook.

### Grade Appeal

An academic appeal is a formal request brought by a student to change a final grade. A request to change a final grade or to challenge a penalty within the student grade appeal process must be made within six months of the assignment of the final grade. Findings of the Grade Appeal Committee shall be final. If the Grade Appeal Committee recommends a grade change, the recommendation will be submitted to the appropriate Academic Dean, who will initiate the grade change. A counselor, advisor, or mentor may advise the student on the most effective approach to accomplish this request in a productive manner. The decision of the Academic Appeals Committee is final.

An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course.

Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not a basis for an academic appeal.

The student must provide evidence that the instructor unfairly applied grading practices or violated College policy.

## Procedure for Grade Appeal

### Student Rights:

Students have a right to a clear explanation (from the instructor, department chair, or dean, as appropriate) of actions taken by the instructor, such as how a final grade was calculated or how their actions violated the academic honesty policy.

### Step One:

Before a student may bring an academic appeal, he or she should first meet with the instructor to request that a change be made. If the student is not satisfied with the outcome or cannot consult with the instructor, he or she must meet with the appropriate Department Chair to determine if a resolution can be reached.

### Step Two:

If a resolution is not reached and the student desires to pursue the appeal, the student will state specifically the basis of the appeal in writing to the appropriate Academic Dean. If the Academic Dean determines that there is insufficient evidence that the instructor unfairly applied grading practices or violated College policy, he/she shall communicate this in writing to the student. The decision of the Academic Dean is final.

If the Academic Dean determines that the appeal may be appropriate under this policy, he/she will contact the Dean of Students to initiate the academic appeals process. The Dean of Students will notify the student regarding the Academic Appeals Committee meeting date, his/her rights, and next steps in the process.

### Step Three:

The Academic Appeals Committee will be convened by the Dean of Students within 10 days of the Academic Dean's notification and will conduct its activities in private. The Committee will consist of two students (selected by the Student Government Association) two faculty members (selected by Faculty Senate), one Administrative Officer (named by the Vice President for Instruction), and the Dean of Students or designee (non-voting member) will serve as facilitator for the grade appeal process.

The student filing the grade appeal and the faculty member will be permitted to present witnesses and evidence relevant to the appeal. The student or faculty member may have a representative present; however, that person is not allowed to participate during the hearing. If the student has an attorney as a representative, the Dean of Students must be notified no less than five business days prior to the hearing. A four-fifths majority vote of the full Committee shall be required to change the grade, penalty or academic action at issue. The Committee will inform the Dean of Students its decision in writing. The Dean of Students will notify the student, faculty member and department chair in writing of the Committee's decision.

### Appeal Verdict

The decision of the Academic Appeals Committee is final.

### General Provisions

The Dean of Students will ensure that appropriate documentation is maintained, that the rights of all parties involved are protected and that all time lines of appeal are followed. All time limits set for this appeal process may be extended by mutual consent of parties involved. Grade appeal records shall remain confidential unless permission is given by the student to release such information. Grade appeal records shall be maintained on file for three years after the completion of the appeal process.

### Student Complaints

College of the Mainland is committed to providing an educational climate that is conducive to the personal and professional development of each individual. To ensure our commitment, the College has developed procedures for students to address their concerns within the college community. A student who has an unresolved disagreement with a faculty or staff member, another student, a student group, or dissatisfaction with the service received may initiate a complaint without prejudicing his or her status with the College.

### How do I bring forward a Complaint?

It is the goal of College of the Mainland to assist all students in efficiently resolving their concerns. Students may file a complaint to address problems or conditions believed to be unfair, inequitable, or a hindrance to the educational process or the conduct of campus business. Students are encouraged to seek informal resolution of their concerns; however, students who have not been able to resolve their concern

informally may file a formal, written complaint. Students should refer to the COM policy or process for specific types of complaints and appeals:

- Discrimination, Harassment and Retaliation - See Board policies [FFDA \(Local\)](#) and [FFDB \(Local\)](#).
- The Financial Aid Probation Appeal Policy is addressed under the Financial Aid section of this handbook.
- Grade Appeal procedures are addressed under the Grade Appeal section of this handbook.
- Student disciplinary action procedures are found in [FMA \(Regulation\)](#).
- Complaints not related to the issues noted above are addressed in [FLD \(Local\)](#).
- Complaints concerning COM's management or conduct of Title IX, Higher Education Act of 1965 (HEA) programs or the advertising or promoting of its educational programs should be directed to Dr. Vicki Stanfield, Vice President of Student Services, at 409-933-8619.

For assistance in determining the correct procedure to follow or to identify the appropriate dean or supervisor for informal resolution, students can contact the Dean of Students at 409-933-8662.

Should students feel their complaint has not been resolved adequately, they have the right to complain in writing or by telephone to the Texas Higher Education Coordinating Board (THECB) regarding the College's management of Title IX, HEA programs or its advertising, or promoting of its educational programs. Correspondence should be addressed to the Texas Higher Education Coordinating Board, P.O. Box 12788, Austin, TX 78711 or by telephone at 512-427-6101. Current, former, and prospective students may initiate a complaint with THECB after exhausting the College's complaint/appeal process.

The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) publishes a Complaint Procedures Against SACSCOC or Its Accredited Institutions. Students, employees or others may initiate a complaint of alleged violations of SACSCOC Principles of Accreditation, the Core Requirements, and policies or procedures, as well as address possible violations of an institution's own policies and procedures. Refer to the policy statement for details on this process at <http://www.sacscoc.org/pdf/081705/complaintpolicy.pdf>.

A student shall be informed of his or her right to file a complaint with the U.S. Department of Civil Rights. Contact the Department of Education Office for Civil Rights by telephone at 214-661-9600, by fax at 214-661-9587, TDD: 800-877-8339 or email: [OCR.Dallas@ed.gov](mailto:OCR.Dallas@ed.gov). By mail: Dallas Office, Office for Civil Rights, U.S. Department of Education, 1999 Bryan Street, Suite 1620, Dallas, Texas 75201-6810.

### General Provisions

The Dean of Students and the appropriate vice president will ensure that appropriate documentation is maintained, that the rights of all parties involved are protected and that all time lines are followed. Written communication sent to the student will be through com.edu email or certified mail. All time limits set for these complaint procedures may be extended by mutual consent of parties involved. Complaint records shall remain confidential in accordance with the District's Records Retention procedures (See [CIA Local](#) and [CIA Legal](#)). Complaint records shall be maintained on file in accordance with the District's Records Retention procedures ([CIA Local](#) and [CIA Legal](#)) for three years after the grievance resolution. No complaint decision shall be recorded on the student's transcript.

### Title IX

COM is committed to providing an environment that is free from all forms of discrimination, including discrimination based on sex. See [FFDA \(Local\)](#).

### What is Title IX?

Title IX of the Education Amendments of 1972 is a federal law intended to end sex discrimination in all areas of education.

- Applies to non-discrimination based on sex/gender to all recipients of federal funds, both public and private institutions

- Applies to issues of program equity, such as in athletics, and also to sexual harassment and sexual assault
- Sexual harassment of students, which includes acts of sexual violence, is a form of sexual discrimination prohibited by Title IX.

### What is Sexual Misconduct?

Sexual Misconduct is any non-consensual behavior of a sexual nature that is committed by force, intimidation, or is otherwise unwelcome that is sufficiently severe, persistent, or pervasive so as to limit a student's ability to participate in or benefit from a COM program or activity.

### What is consent?

In Texas, consent is defined as an agreement to engage in sexual activity.

Consent is:

- Informed, knowing, and voluntary (freely given),
- Active (not passive),
- Affirmative action through clear words or actions that create mutually understandable permission regarding the conditions of sexual activity.
- Cannot be obtained by use of:
  - Physical force, compelling threats, intimidating behavior, or coercion.
- Cannot be given by someone known to be – or should be known to be – mentally or physically incapacitated.
- Lack of protest or resistance does not equal consent.
- Consent should not be assumed.
- Must be present through the entire incident; consent can be withdrawn at any time.
- The inability to give consent may be a result of, but not limited to, the following individuals:
  - Persons who are asleep or unconscious.
  - Persons who are incapacitated due to the influence of drugs, alcohol, or medication.

- Persons who are unable to communicate consent due to a mental or physical condition, including minors.

Sex without consent is sexual assault. Use of force, intimidation, or coercion is a denial of a person's right to freely give his or her consent. Even if someone has agreed to engage sexually, that person has the right to withdraw their consent at any time.

### Who should report?

Anyone who has witnessed, knows about, or has experienced a Title IX violation is encouraged to seek help and report the complaint to the Title IX Coordinator.

Faculty, staff and student employees who receive complaints of sexual harassment or sexual misconduct are obligated to report complaints to the Title IX Coordinator and/or their supervisor or department head. To file a complaint submit an [Sexual Misconduct Complaint Form](#). Filing this incident report constitutes official notice to College of the Mainland and authorizes the institution to investigate the information and allegations contained within the report and seek resolution. This report is NOT confidential; however, Clery Act reporting does not include any personal identifying information. Submitting this report notifies the following College entities of the incident:

- Vice President for Student Services and Title IX Administrator, Dr. Vicki Stanfield
- Title IX Coordinator, Dr. Sarah David

### WHY is it so important to report to the Title IX Coordinator?

The College has a duty to promptly respond to all complaints of sexual harassment and sexual misconduct, whether on or off campus incidents. The purpose is to prevent sex discrimination on campus, promptly address reported incidents, limit the effects of harassment on the educational environment, and prevent its recurrence.

Title IX Compliance Programs are imperative because:

- 1 in 4 college women are victims of an attempted or completed sexual assault (Fisher, 2000). Six percent of men reported an attempted or completed sexual assault (CDC, 2013).
- Nearly 2/3 of rapes were perpetrated by someone known to the victim (RAINN, 2013).
- 74% of perpetrators and 55% of rape victims were intoxicated (Abbey, 2002).

The purpose of this general reporting obligation is to enable the College to identify patterns or trends involving sexual harassment or violence. For general information about the complaint process, please contact the College's Title IX Coordinator at 409-933-8413.

### Confidential Consultations

Confidential communications are those communications that cannot be disclosed to another person without the parties consent. Parties may speak confidentially with Holly Bankston, Professional Counselor in the Student Success Center - 409-933-8520, or off-campus resources including medical professionals, licensed professional counselors, pastoral (religious) counselors, and certain counselors at a victim's crisis centers which are listed under [Community and Health Resources](#). These individuals are not required to make a report to the College's Title IX Coordinator.

### [Campus SaVE Act \(Sexual Violence Elimination Act\)](#)

In 2013, the Campus SaVE Act was added as an amendment to the Violence Against Women Act (VAWA), and it seeks to address the violence women [and men] face on campus. The act covers domestic violence, dating violence, sexual assault, and stalking. It requires incidents to be disclosed in the annual “Clery” campus crime statistic reports; clarifies minimum standards for institutional disciplinary procedures; instructs colleges and universities to provide programming

for students and employees; and establishes collaboration between the U.S. Departments of Justice, Education, and Health and Human Services to collect and disseminate best practices for preventing and responding to domestic violence, dating violence, sexual assault, and stalking.

## Drug and Alcohol Abuse Prevention Policy

College of the Mainland strives to offer students and employees an optimum environment that promotes and secures educational success. In accordance with the Drug-Free Workplace and the Drug-Free Schools and Communities Act (P.L. 102-226) and the Presidential Directive (90-92), we recognize that the abuse of alcohol and other drugs is a threat to the health and welfare of the campus community and is not compatible with an environment where education takes place. To meet this objective, COM has adopted policy to prevent unlawful manufacture, possession, use, and distribution of illicit drugs and alcohol and implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. Any persons who violate College of the Mainland policy will be subject to disciplinary action. If you have questions concerning of this information, contact the Office of the Vice President for Student Services at 409-933-8619.

Any person involved in an act of substance abuse in, on or within 1,000 feet of the premises owned, rented or leased by COM will be subject to punishment as defined and published in the Texas Penal Code.

## Health Risks Associated with Illicit Drug Use, Use of Tobacco Products and Alcohol Abuse

The health risks associated with the misuse and abuse of mind-altering drugs, including controlled substances and alcohol, include but are not limited to: physical and psychological dependence; damage to the brain, pancreas, kidneys, liver and lungs; high blood pressure, heart attacks and strokes; ulcers; birth defects; a diminished immune system; and death. The use of tobacco products have been linked to coronary heart disease. Lung, oral, larynx, esophagus, bladder, pancreas and kidney cancers strike tobacco users at increased rates. Emphysema and chronic bronchitis are 10 times more likely among smokers.

## Health Risks

The abuse of drugs and alcohol can lead to a variety of serious consequences including poor academic and work performance, poor decision making, poor morale, work errors, wasted time and materials, damage to equipment, theft, tardiness, absenteeism, accidents which injure the drug user, accidents which put all employees and students at risk of injury, and may lead to disciplinary action, prosecution, illness and even death. Users of these substances experience depression, isolation, loss of memory, loss of coordination, impaired judgment, reduced morale, anxiety, paranoia and loss of self-respect.

On average, at least 50 percent of college students’ sexual assaults are associated with alcohol use. One study reported that 74 percent of the perpetrators and 55 percent of the victims of rape had been drinking alcohol. Consumption by the perpetrator and/or the victim increases the likelihood of acquaintance, sexual assault. In addition, one in five college students abandon safer sex practices when intoxicated ([www.collegedrinkingprevention.gov](http://www.collegedrinkingprevention.gov)).

Further information concerning health risks may be found in the Student Success Center in the Student Center, Rm, room 158. You should also consult your personal physician about the health risks associated with alcohol, tobacco and drug abuse.

## Drug and Alcohol Prevention Program Procedures

The Drug-Free Schools and Communities Act of 1989 requires the College to report its drug and alcohol crimes and prevention programs. The college must develop and implement a program to prevent unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees. The program must include Annual Notification of the following: standards of conduct; a description of sanctions for violating federal state, local law, and campus policy, a description of health risks associated with alcohol and drug use, a description of treatment options; and a biennial review of the program's effectiveness and the consistency of the enforcement of sanctions. Throughout the year, college sponsored events are held to raise drug and alcohol abuse prevention awareness. An annual drug and alcohol abuse prevention Awareness Week is held each spring.

## Family Educational Rights and Privacy Act (FERPA)

Postsecondary officials are regularly asked to balance the interests of safety and privacy for individual students. While the Family Educational Rights and Privacy Act (FERPA) generally requires institutions to ask for written consent before disclosing a student's personally identifiable information, it also allows colleges and universities to take key steps to maintain campus safety. Understanding the law empowers school officials to act decisively and quickly when issues arise.

### Health or Safety Emergency

In an emergency, FERPA permits school officials to disclose, without student consent, education records, including personally identifiable information from those records, to protect the health or safety of students or other individuals. At such times, records and information may be released to appropriate parties such as law enforcement officials, public health officials, and trained medical personnel. See 34 CFR § 99.31(a)(10) and § 99.36. This exception to FERPA's general consent rule is limited to the period of the emergency and generally does not allow for a blanket release of personally identifiable information from a student's education records. In addition, the Department interprets FERPA to permit institutions to disclose information from education records to parents if a health or safety emergency involves their son or daughter.

### Disciplinary Records

While student disciplinary records are protected as education records under FERPA, there are certain circumstances in which disciplinary records may be disclosed without the student's consent. A postsecondary institution may disclose to an alleged victim of any crime of violence or non-forcible sex offense the final results of a disciplinary proceeding conducted by the institution against the alleged perpetrator of that crime, regardless of whether the institution concluded a violation was committed. An institution may disclose to anyone, not just the victim, the final results of a disciplinary proceeding, if it determines that the student is an alleged perpetrator of a crime of violence or non-forcible sex offense; and with respect to the allegation made against him or her, the student has committed a violation of the institution's rules or policies. See 34 CFR §§ 99.31(a)(13) and (14).

### The Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act requires postsecondary institutions to provide timely warnings of crimes that represent a threat to the safety of students or employees and to make public their campus security policies. It also requires that crime data be collected, reported, and disseminated to the campus community and to the department annually. The Clery Act is intended to provide students and their families with accurate, complete and timely information about safety on campuses so that they can make informed decisions. Such disclosures are permitted under FERPA. The following website provides more information about these and other provisions about campus safety: <http://www.ed.gov/admins/lead/safety/campus.html>.

### Law Enforcement Unit Records

Many colleges and universities have their own law enforcement units to monitor safety and security in and around campus. Institutions that do not have specific law enforcement units may designate a particular office or school official to be responsible for referring potential or alleged violations of law to local police authorities. Investigative reports and other records created and maintained by these law enforcement units are not considered education records subject to FERPA. Accordingly, institutions may disclose information from law enforcement unit records to anyone, including outside law enforcement authorities, without student consent. See 34 CFR § 99.8.

While an institution has flexibility in deciding how to carry out safety functions, it must also indicate in its policy or in information provided to students, which office or school official serves as the college or university's "law enforcement unit." The institution's notification to students of their rights under FERPA can include this designation. As an example, the department has posted a model notification on its website at <http://www.ed.gov/policy/gen/guid/fpco/ferpa/ps-officials.html>.

Law enforcement unit officials who are employed by the college or university should be designated in the institution's FERPA notification as "school officials" with a "legitimate educational interest." As such, they may be given access to personally identifiable information from students' education records. The institution's law enforcement unit officials must protect the privacy of education records it receives and

may disclose them only in compliance with FERPA. For that reason, it is advisable that law enforcement unit records be maintained separately from education records.

### Disclosure to Parents

When a student turns 18 years old or enters a postsecondary institution at any age, all rights afforded to parents under FERPA transfer to the student. However, FERPA also provides ways in which schools may share information with parents without the student's consent. For example:

- Schools may disclose education records to parents if the student is a dependent for income tax purposes;
- Schools may disclose education records to parents if a health or safety emergency involves their son or daughter;
- Schools may inform parents if the student who is under age 21 has violated any law or its policy concerning the use or possession of alcohol or a controlled substance;
- A school official may generally share with a parent information that is based on that official's personal knowledge or observation of the student.

### FERPA and Student Health Information

Postsecondary institutions that provide health or medical services to students may share student medical treatment records with parents under the circumstances described above. While these records may otherwise be governed by the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the HIPAA Privacy Rule excludes student medical treatment records and other records protected by FERPA. The Department plans to issue further guidance on the interplay between FERPA and HIPAA.

### FERPA and Student and Exchange Visitor Information System (SEVIS)

FERPA permits institutions to comply with information requests from the Department of Homeland Security (DHS) and its Immigration and Customs Enforcement Bureau (ICE) in order to comply with the requirements of SEVIS. Officials who have specific questions about this and other matters involving international students should contact the U.S. Department of Education's Family Policy Compliance Office.

### Transfer of Education Records

Finally, FERPA permits school officials to disclose any and all education records, including disciplinary records, to another institution at which the student seeks or intends to enroll. While student consent is not required for transferring education records, the institution's annual FERPA notification should indicate that such disclosures are made. In the absence of information about disclosures in the annual FERPA notification, school officials must make a reasonable attempt to notify the student about the disclosure, unless the student initiates the disclosure. Additionally, upon request, the institution must provide a copy of the information disclosed and an opportunity for a hearing. See 34 CFR § 99.31(a)(2) and § 99.34(a).

The fact that other vehicles are parked improperly shall not constitute an excuse for parking with any part of the vehicle extended beyond the marked boundaries of the parking space.
  13. No vehicle may be parked in any area that has not been marked or designated a parking space.
  14. Vehicles shall not be parked in a manner that obstructs walkways, sidewalks, ramps, loading zones or marked crosswalks. Parking is not allowed where prohibited signs, red curbs or other markings are on streets or parking lots.
  15. It is prohibited to park, or let stand, a motor vehicle in a loading zone or service drive unless actually loading or unloading material or equipment. If the time for loading or unloading exceeds more than 30 minutes, COM Police Department must be notified of the extended parking requirements.
  16. No person shall park, or let stand, a motor vehicle on campus for more than 48 hours without prior authorization. Vehicles found in violation may be considered abandoned and removed as provided in TRC 6883.002, VCS Art. 447-9a, Sec. 5.01.

17. Other parking violations include parking against the flow of traffic, and parking in a disabled space without a disabled sticker. A Justice of the Peace citation may be issued to any person who parks a vehicle in a disabled space without a handicap sticker.

### Enforcement

The District reserves the right to enforce traffic rules and regulations:

1. Through the impoundment of vehicle in violation of Texas State Statutes and the Parking and Traffic Rules and Regulations of the District;
2. By barring the re-admission to the District and withholding grades, degrees, refunds, and official transcripts of any student or non-payment of outstanding administrative fees;
3. By disciplinary action against employees or students who fail to abide by these regulations or fail to pay outstanding administrative fees.
  - a. Parking reinstatement fees and/or fines are assessed for each parking violation committed. The fee/fine is \$4 if paid within 10 school/work days. If not paid within the 10 days, the fee/fine will automatically increase to \$8. For parking in disabled spaces without the proper disabled sticker or tags, the fee/fine is \$10 and if not paid within 10 school/work days, the fee/fine automatically increases to \$20;
  - b. Fees/fines may be paid at the Cashier's Office counter located in the Student Center along with the violation notice(s).
  - c. It shall not be a defense to a violation of these Rules and Regulations that a citation was removed from a vehicle after said citation had been placed on the vehicle.
  - d. If the operator of the vehicle believes that the citation is unwarranted, he or she may appeal the citation by following the Campus Parking Citation Appeal Process.

### Campus Parking Citation Appeal Process

The appeal process grants the individual who believes that a campus parking citation was issued in error the opportunity to have the citation reviewed by an appeals committee. Individuals seeking an appeal must do so within the semester the citation was received. The appeals committee is made up of three members; an administrative representative, a faculty representative, and a student government representative. The Appeals Committee is independent from the COM Police Department.

1. To appeal a citation, you must first pay the citation within 10 days (school/business days) so that you will not incur a late fee. Pay citations at the Cashier's Office in the Student Center.
2. Secondly, submit an appeals form to the College of the Mainland Police Department in Bldg. 16 within 10 days (school/business days) from the issuance of the citation. The forms can be found online at [www.com.edu/police](http://www.com.edu/police).
3. You must have substantial and valid evidence that you did not commit a parking violation, or that it occurred due to circumstances beyond your control. You must submit valid documentation of evidence and a copy of your citation with the appeals form or your appeals request will be automatically rejected.
4. The following reasons for an appeal are considered invalid and will be rejected.
  - Lack of knowledge of the parking laws and policies. For example, new to the campus or have not reviewed the laws or policies.
  - Other vehicles were improperly parked.
  - Only parked illegally for a short period of time.
  - I parked like this before, but was not cited previously.
  - Late to class, late to work, or late to an appointment.
  - Inability to pay the fine.
  - No other place to park.

- Illegally parked in a fire lane.
  - Illegally parked in a handicap space or handicap access area.
5. Appeals can be filed at the campus police department (Bldg. 16). Appeal forms with attached evidence and citation copies will be forwarded to the Appeals Committee for acceptance or rejection. The Appeals Committee will then contact you for an appeals review hearing which occurs once a month. If you cannot attend the scheduled hearing you must give notification to the campus police department at 409-933-8403 within 24 hours of the scheduled hearing or your appeal will be rejected and disqualified.
6. All appeal ruling decisions are final.
- You are responsible for all late fees even if the citation is dismissed.
  - You will receive a refund from the Cashier's Office in the Student Center for dismissed citations.
  - Unpaid citations will incur fees and a hold will be placed on your record.

## Personal Health and Safety

Communicable diseases include, but are not limited to, measles, influenza, viral hepatitis-A (infectious hepatitis), viral hepatitis-B (serum hepatitis), human immunodeficiency virus (HIV infection), AIDS, AIDS-Related Complex (ARC), leprosy and tuberculosis. For the purposes of this policy, the term "HIV infection" shall include AIDS, AIDS-Related Complex (ARC), and a positive test for the antibody to human immuno-deficiency virus.

The College shall not discriminate in enrollment against any student solely on the ground that the student has a communicable disease. Members of the student body of the College shall not be denied access to College facilities or campus activities solely on the ground that they have a communicable disease. The College reserves the right to exclude a person with a communicable disease from College facilities, programs and functions if the College makes a medically based determination that the restriction is necessary for the

welfare of the person who has the communicable disease and/or the welfare of the other members of the College community. The College's decisions involving persons who have communicable diseases shall be based on current and well-informed medical judgments concerning the disease, the risks of transmitting the illness to others, the symptoms and special circumstances of each individual who has a communicable disease, and a careful weighing of the identified risks and the available alternative for responding to a student with a communicable disease. [See [FFAC \(Local\)](#)]

The College shall comply with all pertinent statutes and regulations that protect the privacy of persons in the College community who have a communicable disease. The College shall ensure that procedural safeguards sufficient to maintain the strictest confidence about persons who have HIV infection are in effect in all offices of the College.

College of the Mainland offers a comprehensive education program about HIV infection for members of the College community. To pick up a copy of the educational pamphlet on HIV infection issued by the Texas Department of Health, stop by the counseling center on the second floor of the Student Center or the gym lobby.
