
Texas Success Initiative Assessment

INTERPRETING YOUR SCORE

Congratulations on Taking the TSI Assessment!

The TSI Assessment (TSIA) measures your strengths and weaknesses in mathematics and statistics, as well as reading and writing, and is an indicator of how ready you are to handle college-level courses. The results of the assessment, in conjunction with your academic background, goals, and interests, are used by academic advisers and counselors to place you in the appropriate course that matches your skill level. The goals are to help demonstrate your readiness and help you become ready for college-level coursework. **NOTE: Any references in this brochure to developmental courses, interventions, and corequisite models are not applicable to high school students seeking to enroll in college-level coursework via dual credit.**

TSI Assessment (TSIA)

Once you complete the TSIA, you have immediate access to your individual score report, which gives you details on your test results. Use the score report to understand your academic strengths and areas for improvement. Your adviser, counselor, or faculty member will also use this score report to help make the best recommendations for the courses or interventions that meet your individual needs.

HOW IS MY TEST SCORED?

The individual score report indicates your score in the mathematics, reading, and writing portions of the TSIA and the appropriate course in which you will be placed.

Your scores on the TSIA determine if you are ready to take college-level courses. If you are college ready, you may enroll in any related entry-level college course without having to take developmental courses or interventions. You are considered college ready (i.e., “TSI met/complete”) if **at the very least** you receive the following scores:

COLLEGE READINESS BENCHMARKS

Mathematics: a score in the range of 350–390 in the multiple-choice section.

Reading: a score in the range of 351–390 in the multiple-choice section.

Writing: two ways—(1) a score of 340–390 in the multiple-choice section and a score of 4 on the essay, OR (2) a score

of 310–339 in the multiple-choice section, **and** a score of 4, 5, or 6 on the ABE Diagnostic section, **and** an essay score of 5 (you must meet all three).

WHAT IF I DON'T MEET THE COLLEGE READINESS CUT SCORE?

If your TSIA mathematics, reading, or writing test score is lower than the college readiness cut score for that subject, you may be placed in either a developmental course or an intervention to improve your skills and prepare for success in college-level courses. In addition to other factors, your placement is determined through the results you get in the DE or ABE Diagnostic Tests, which measure how well you know the subjects. Your institution may use additional factors such as your high school grade point average/ class ranking, other test scores, and courses from your high school or college transcripts. The institution will also consider your selected major or program.

CAN I RETAKE THE TEST?

If you are not satisfied with your score, you may retake the TSIA at any time. However, before you attempt to retake, it

is strongly recommended that you set aside time for additional study. It is very unlikely that your score will improve greatly without additional review and study. Check with the testing center at your college or university for information concerning retesting.

Diagnostic Test

If your score in the TSIA is lower than the college readiness benchmark, you will be directed to take the DE or ABE Diagnostic Test, which determines your areas of strength and areas that need improvement in mathematics, reading, and/or writing. Many students who are not college ready may be provided the DE Diagnostic Test as described below, while others may be directed to a different version of a diagnostic test (the ABE Diagnostic) to ensure accurate information related to their skill set. The results in the diagnostic test help the adviser place you in the appropriate developmental course or intervention.

Diagnostic Score Report

Once you complete the DE or ABE Diagnostic Test, you will receive a diagnostic score report. This report outlines the topics on which you were tested, along with the score and the criteria used to determine that score.

Proficiency Level and Score	What This Means to You
Needs Improvement	Indicates that your performance needs to improve significantly in this area.
Limited Proficiency	Indicates that while you have some skill in this area, there is room for improvement.
Proficient	Indicates that you have well-developed skills in this area.

Sample of DE Reading Diagnostic Test

DE READING DIAGNOSTIC TEST				
Domain	Needs Improvement	Limited Proficiency	Proficient	Score
Main Idea and Supporting Details				2
<p>Your performance in the Main Idea and Supporting Details area suggests that you need to improve significantly in this area. This area tests your ability to understand text. You need to work extensively on identifying stated and implied main ideas, supporting details, and author's purpose and tone.</p>				
Author's Use of Language				4
<p>Your performance in the Author's Use of Language area suggests that you need to improve significantly in this area. - **Mechanical Conventions:** The extent to which you express ideas using Standard English.
- **Critical Thinking:** The extent to which you communicate a point of view and demonstrate reasoned relationships among ideas.

HOW IS MY ESSAY SCORED?

The essays are electronically scored by a unique automated system that is specifically designed to score assessments. This system evaluates the meaning of text, not just grammatical correctness or spelling. Your essay is compared for similarities to a set of at least 500 other student essays that have been graded by two expert human readers. It is then placed in the same scoring category with the essays to which it is most similar.

Once you enter your essay into an on-screen textbox and submit it for scoring, the system automatically evaluates the essay and returns a score from 1 to 8, as well as a statement that indicates the criteria used to give you that score.

Score	Holistic Score Description
8	The essay demonstrates clear and consistent mastery of on-demand essay writing.
7	The essay demonstrates consistent mastery of on-demand essay writing.
6	The essay demonstrates reasonably consistent mastery of on-demand essay writing.
5	The essay demonstrates adequate mastery of on-demand essay writing.
4	The essay demonstrates developing mastery of on-demand essay writing.
3	The essay demonstrates little mastery of on-demand essay writing.
2	The essay demonstrates very little mastery of on-demand essay writing.
1	The essay demonstrates no mastery of on-demand essay writing.

Results of the 2017 TSIA Predictive Placement Validity Study were used to adjust the Writing college-ready threshold to a score of 4 on the WritePlacer® to meet Texas standards based on evidence of student performance in Texas institutions of higher education.

Essays not written in the essay section will receive a score of zero.

WHAT SCORE GETS ME TO A COLLEGE COURSE?

You are considered college ready in two ways: (1) if you score a 4 on the essay and a score in the range of 340–390 on the multiple-choice section. (2) You are also considered college ready if you score below 340 on the multiple-choice section, score a 4, 5, or 6 on the ABE Writing Diagnostic test, and score a 5 on the essay. If your score does not meet these requirements, you will be placed in a developmental course or intervention. If you are near college ready, you may be placed in a corequisite model, where you enroll in a college-level course while taking a developmental education course/intervention to provide additional support to help ensure your success in the college-level course.
